WWMF 100 Rules Tariff

Item 0120 Application of Governing Zip Code Tariff

Section 01

Effective Jan/01/08

The use of U.S. Postal Service Zip Codes is for the purpose of designating geographic points. Territorial Groups are defined by the use of the initial 3 digits of the National Zip Code Directory (see Item 100).

Exceptions to the application of the entire 3-digit territory may be designated by the use of the initial 5 digits of the Zip Code.
