WWMF 100 Rules Tariff

Item 0180 Rate Quotes

Section 01

Effective Jan/01/08

When Carrier has furnished either orally or in writing an estimate of published tariff charges, such estimate will be given on the basis of the effective published tariff provision(s) as applicable to those facts concerning the shipment(s) which are made known to Carrier.

Estimates of freight charges are furnished as a convenience to the shipping public and represent nothing more than an approximation of freight charges which is not binding either on the Carrier or the customer.

All transportation charges on a shipment will be assessed on the basis of published tariff provisions legally in effect at the time of shipment, as applicable to the weight, commodity or commodities shipped and transportation and related service performed in connection therewith.
