Item 2310 Redelivery of LTL Shipments

Section 01

Effective Jan/01/08

If an LTL shipment is tendered for delivery as defined in Item 200 and delivery cannot be accomplished through no fault of the Carrier, no further efforts will be made to effect delivery except on request and at an additional charge. The charge for redelivery will be the full actual commodity or class rates published in WWMF207, WWMF500 or WWMF700 that would otherwise apply on a shipment originating at the Carrier's terminal location and delivering at the redelivery location subject to a discount of 35%. Such charge will be applied on each subsequent delivery attempt, including the final delivery, and will be in addition to all other applicable charges.

NOTE A: Provisions of this item do not apply on shipments to or from private residences or non-commercial locations.
