WWMF 100 Rules Tariff

Item 2410 Weight Verification

Section 01

Effective Jan/01/08

1. When Shipper/Consignee requests any shipment or trailer to be weighed, and suitable equipment is available, weight verification charges of (BELOW) will apply. When a public scale is requested by Shipper or Consignee, the charges assessed the Carrier for the use of such scale will be added to all other charges:

Charge Per Shipment, or Trailer - Carrier's Scale:

\$35.00

Charge Per Shipment, or Trailer - Public Scale:

\$105.00

2. Carrier may verify weights shown on bills of lading after acceptance of the shipment, using Carrier's scale. Carrier's scale will be accurate within 1% tolerance and need not be certified as "legal for trade".

3. In all cases, if the bill of lading weight is found to be incorrect, Carrier will adjust the billed weight accordingly and charges will be based on the adjusted billed weight.
